REPORT FROM THE INTERFAITH CEMETERY COMMITTEE

A meeting of this committee was held on Tuesday, May 7 attended by George Hart and Bill Reid. Four of the committee churches were represented.

With the cooperation of the Town of Grand Falls-Windsor and liaison Todd Mercer, we will be obtaining four people to maintain the cemetery this summer. However, the earliest they may start is July 1.

In the meantime, family members can help with the annual clean up of the Cemetery and we ask the cooperation of families to pick up debris left after the winter. Many plastic flowers and wreaths have blown loose and are littered around the grounds. Please check plots and pick up any faded or broken ornaments and place them by the PBO garbage container. (Locked due to improper use by the public.) Any items not picked up will be disposed of by June 15.

Due to environmental consideration maybe we should refrain from using plastic ornaments to decorate grave sites. Recognition is noted that plastic flowers MAY last longer and may be cheaper than natural flowers. However, the impact plastic has on the environment, adding to considerable debris and extra effort and time needed to pick them up or move them to mow the area, makes this an unnecessary maintenance problem. While solar lights look nice at night, when they work, they pose a problem of added debris when they break or cease functioning, plus more work to move them when mowing.

Please contact a member of the committee before attempting any work in the Cemetery. This includes installation of headstones, repair of headstones, grass/sod covering, and removal of concrete structures around grave sites.

For those who wish to have their family plots improved, we recommend contacting Robert Hiscock who has his own business, Central Cemetery Services. For 20 years, Bob has been a great supporter of improving the appearance of the cemetery and supervises our workers in the summertime. He has the necessary equipment and expertise to demolish and remove old concrete forms, restoration of plots and headstones, cleaning and re-lettering headstone, providing topsoil, seeding, and sods and providing perpetual care. Contact Bob or Shianne at 709-489-9047
